***Wild Rush* Feature**

Each symbol in the game is randomly generated from its own independent reel, with one very rewarding exception:

Any time a Wild ***Jeopardy!*** symbol appears in a column, the symbol position immediately below that Wild is much more likely to turn into an additional Wild symbol. Earning stacks of Wilds has never been more exciting. The *Wild Rush* feature does not affect the chance of triggering the ***Jeopardy!*** Board Bonus.

Enjoy the potential riches of this powerful feature in both the base and bonus games.

***Jeopardy!* Board Bonus**

The ***Jeopardy!*** Board Bonus is triggered by two or more Bonus scatter symbols in the centre column.

More Bonus scatter symbols trigger richer picks on the ***Jeopardy!*** board.

Start with three picks from the ***Jeopardy!*** board. Each **Daily Double** selected awards an additional pick.

Make one pick from each column in order starting with the left-most column.

- **Just Spin Baby** awards free spins and contains two **Daily Doubles**.
- **X Marks the Spot** awards a multiplier to be applied to all wins during the free spins.
- **Potpourri** adds more free spins or increases the multiplier and contains two **Daily Doubles**.
- **Wild About You** determines which symbols will be wild on columns 2, 3, 4, and 5 during the free spins.
- **Really Wild** determines which column or columns will be entirely wild during the free spins.

Bonus scatter symbols appear on column 3 in the base game only, therefore the Bonus cannot be retrigged.

Free spins are played at the same coin value and same number of paylines as the triggering spin.

Rules

This game has a theoretical Return to Player (RTP) of 94.53%.

Misuse or malfunction voids all pays and plays.

All line win symbols must appear on a played line and on consecutive columns, beginning with the far left column.

Only the highest winner is paid on each payline. Line wins are multiplied by the coin value.

Only the highest scatter win is paid. Scatter pays are multiplied by the total bet.

Coinciding line wins on different paylines are added. Scatter wins are independent from payline wins and are also added to the total amount paid.

Bonus scatter symbol appears on column 3 in the base game only.

Wild symbol appears on columns 2, 3, 4, and 5 only.

Any symbols turned wild in the **Jeopardy!** Board Bonus are wild on columns 2, 3, 4, and 5 only during the free spins.

Any columns turned wild in the **Jeopardy!** Board Bonus are wild throughout the free spins.

Reels used in the Free Spins Bonus are different from the reels used in the base game.

Wins are shown in currency.

The prizes are paid in accordance with the payout table available on the game interface.

Regardless of bet size, there is an award cap on any single transaction. See the payable for details. A transaction includes the results of the Free Spins Bonus plus the outcome which launched the bonus. If the award cap is reached in the Bonus, the Bonus ends immediately, even if there are remaining free spins.

Additional Information

Expected Payback

In accordance with fair gaming practices required in most legal jurisdictions worldwide, each and every game outcome is completely independent. The odds of getting any particular outcome are always the same.

The odds do not vary based on prior outcomes, bet size, balance size, time of day, day of week, etc. For example, if the top award is won on a given spin of the game, the chances of winning the top award on the next spin are exactly the same. Likewise, prior losses do not change future odds.

The expected payback reflects the theoretical return across a very large number of spins by numerous players over an extended period of time. The results for any given player over a play session can vary widely from this long-term, expected average in either direction. The fewer the number of games played, the wider the normal variance of actual payback that may be experienced.
